Human Rights Situation of Sindh

Situation of human rights have been the worst in the Pakistan, particularly in the province of Sindh. State and both federal and provincial governments seem handicapped in front of the forces who are involved in grass Human Rights violation. It seems the murders, killers, kidnappers and those who are taking laws in their hands are more powerful than the state, that's why extra judicial killings, forced conversions, raps, kidnappings are increasing day by day in Sindh. Karachi has become the Palestine and Kashmir, where 15-20 average innocent citizens are losing their lives on the daily basis.

Below mentioned charts and tables are clearly demonstrating that how since the last four months human rights violation is increasing. These are the cases which are being reported by the local media, whereas, the actual figure should be higher than this. Non Muslims are at risk. Hindus are frequently migrating from the Sindh due the increased religious extremism and intolerance. In the reporting month April 2012, one Christian girl was kidnapped and converted into Islam and she was married off with Muslim guy by the religious fundamentalist in Sukkur, third biggest cities of the Sindh, Pakistan. Likewise, in the same month on April 22, 2012 three Hindu woman and girls are being kidnapped by persons of Gopag tribe from Shadi Large town of district Badin and were taken to district Dadu when these woman and girls were selling fodder in livestock market. But till now, FIR has been lodged, but police is doing nothing then the talking bribe from the both sides victims and offenders and doing nothing. Below mentioned table is clear enough to tell story of human rights violation in Sindh, Pakistan, in the April 2012 only.

#	Human Rights Violation forms	M	F	Children	Total	Districts
1	Murder	375	41	19	435	Khair Pur Mirs, Sukkur, Ghotki, Larkana, Dadu, Karachi, Jacobabad, Thatta, Hyderabad, Nawabshah, Tando Muhammad Khan, Jamshoro, Umar Kot, Kandhkot, Sanghar
